

INSPECTION BODY ACCREDITATION PROGRAM (IBAP)

Scope of Accreditation

Accredited Legal Entity: Intertek Testing Services NA Ltd.

Contact Name: Mr. Heiko Neugebauer

LOCATION A

Address: 1500 Brigantine Drive
Coquitlam, BC
V3K 7C1
Canada

Telephone: +1 604 520-3321 ext. 712

Fax: +1 604 524-9186

Website: www.intertek.com

Email: heiko.neugebauer@intertek.com

SCC File Number:	06006
Accreditation Standards:	ISO/IEC 17020:2012 – Conformity assessment -- Requirements for the operation of various types of bodies performing inspection
Additional Accreditation Requirements:	SCC Requirements and Guidance – Inspection Body Accreditation Program 2022-05-27 (v6)
Accreditation Sub-Programs:	I: Field evaluation of electrical equipment II: Field evaluation of medical electrical equipment and systems III: Commercial and Industrial Fuel-Burning Appliances and Equipment
Initial Accreditation:	2005-03-29
Most Recent Accreditation:	2025-03-27
Accreditation Valid to:	2025-07-01

Additional Fixed Office Locations:

The inspection activities conducted by the above-mentioned legal entity at the following locations are also included in this scope of accreditation:

Location	Country	Address	City
B	Canada	6225 Kenway Drive Mississauga, Ontario L5T 2L3	Mississauga

Operation Type of Inspection Body:

ISO/IEC 17020, Conformity assessment — Requirements for the operation of various types of bodies performing inspection, Annex A Independence requirements for inspection bodies, Type A most closely resembles the operation type operated by this organization. The inspection body shall be independent of the parties involved. The inspection body and its personnel shall not engage in any activities that may conflict with their independence of judgment and integrity in relation to their inspection activities. In particular, they shall not be engaged in the design, manufacture, supply, installation, purchase, ownership, use or maintenance of the items inspected. An inspection body shall not be a part of a legal entity that is engaged in design, manufacture, supply, installation, purchase, ownership, use or maintenance of the items inspected. The inspection body shall not be linked to a separate legal entity engaged in the design, manufacture, supply, installation, purchase, ownership, use or maintenance of the items inspected by the following: 1) common ownership, except where the owners have no ability to influence the outcome of an inspection; 2) common ownership appointees on the boards or equivalent of the organizations, except where these have functions that have no influence on the outcome of an inspection; 3) directly reporting to the same higher level of management, except where this cannot influence the outcome of an inspection; 4) contractual commitments, or other means that may have an ability to influence the outcome of an inspection.

Scope of Accreditation:

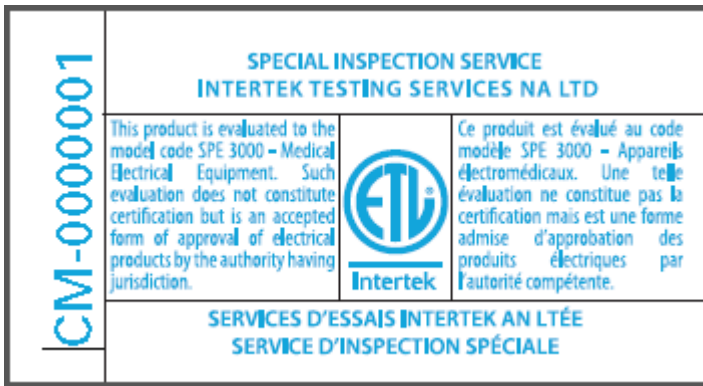

I: Electrical Equipment Program

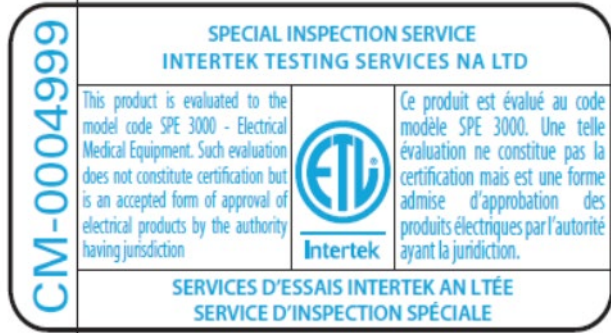

Base program:	SPE-1000 Field Evaluation/Special Inspection
Inspection Standards	SPE-1000: Model code for the field evaluation of electrical equipment Canadian Electrical Code
