

CERTIFICATION BODY ACCREDITATION PROGRAM (CBAP)

Scope of Accreditation

La présente portée d'accréditation existe également en français et est publiée séparément.

Accredited Legal Entity: NSF International

Contact Name: Jason Shields

LOCATION A

Address: 789 Dixboro Road N.
Ann Arbor, Michigan
48105, USA

Telephone: 734 827-5631

Fax: 734 827-7182

Website: nsf.org

Email: jshields@nsf.org

To ensure compliance with the *Official Languages Act*, the Standards Council of Canada (SCC) translated proprietary content from English to French when it was not available in French. In case of discrepancies between the English and French versions, the original version prevails.

SCC File Number:	10025
Accreditation Standard:	ISO/IEC 17065:2012 – Conformity assessment — Requirements for bodies certifying products, processes and services
Additional Accreditation Requirement:	SCC Requirements and Guidance – Product, Process, and Service Certification Body Accreditation Program, v5, 2021-09-21 IAF MD 4:2025 – IAF Mandatory Document for the Use of Information and Communication Technology (ICT) for Auditing/Assessment Purposes Related Bulletins
Initial Accreditation:	1997-03-05
Most Recent Reaccreditation:	2025-05-06
Accreditation Valid to:	2029-03-05

Additional Fixed Office Locations:

The certification activities conducted by the above-mentioned legal entity at the following locations are also included in this scope of accreditation:

Location	Country	Address	City
B	Belgium	NSF International Ikaroslaan 79 1930 Zaventem Brussels	Brussels
C	China	NSF Shanghai Co., Ltd. 5th Floor, Building 2 No. 258, Wuyi Road Shanghai 200050	Shanghai

Product, Process, and Services Certification Scheme

Certification Mark:

ISO/IEC 17067, Conformity assessment - Fundamentals of product certification and guidelines for product certification schemes, ***scheme type 4*** most closely resembles the product certification scheme operated by this organization. The surveillance part of this scheme allows for the choice between periodically taking samples of the product from the point of production, or from the market, or from both, and subjecting them to determination activities to check that items produced subsequent to the initial attestation fulfil the specified requirements. The surveillance includes periodic assessment of the production process. This scheme can both indicate the impact of the distribution channel on conformity and provide a pre-market mechanism to identify and resolve serious nonconformities. Significant duplication of effort may take place for those products whose conformity is not affected during the distribution process.

Scope of Accreditation:

The scope of accreditation for the above-mentioned legal entity limits the use of the certification mark shown to products that meet standards classified by the following international classification coding:

ICS No.	Title	Purpose
11.060.20	Dental equipment	Performance Health Safety
13.020.10	Environmental management	Performance Health Safety
13.030.40	Installations and equipment for waste disposal and treatment	Performance Health Safety
13.060.01	Water quality in general	Performance Health Safety Electrical Safety
13.060.20	Drinking water (design, construction, health effects, performance and electrical safety of point-of-use and point-of-entry drinking water treatment units and related components)	Health Safety Electrical Safety Performance
13.060.25	Water for industrial use <i>Including water for commercial use: for swimming pools, fish breeding, etc.</i>	Electrical Safety
13.060.30	Sewage water (residential wastewater treatment, recycle and water conservation systems and components)	Health Safety
13.060.70	Examination of biological properties of water	Health Safety Electrical Safety
13.120	Domestic Safety	Electrical Safety
13.220.01	Protection against fire in general	Safety - Fire
13.220.20	Fire Protection <i>*Including equipment</i>	Safety - Fire
13.220.40	Ignitability and burning behaviour of materials and products	Safety - Fire
13.220.50	Fire-resistance of building materials and elements	Safety - Fire
17.060	Measurement of volume, mass, density, viscosity Including measuring instruments	Electrical Safety
17.100	Measurement of force, weight and pressure Including measuring and weighing instruments	Electrical Safety
17.120	Measurement of fluid flow	Performance Health Safety <small>Limited to Performance requirements for water temperature limiting devices</small>
17.200.20	Temperature-measuring instruments Including thermostats	Electrical Safety
19.040	Environmental testing	Safety - Fire

ICS No.	Title	Purpose
19.080	Electrical and electronic testing <i>Including testing equipment</i>	Electrical Safety
23.040	Pipeline components and pipelines	Performance Health Safety
23.040.01	Pipeline components and pipelines in general	Performance Health Safety
23.040.10	Iron and steel pipes	Performance Health Safety
23.040.15	Non-ferrous metal pipes	Performance Health Safety
23.040.20	Plastics pipes	Performance Health Safety Electrical Safety
23.040.40	Metal fittings	Performance Health Safety
23.040.45	Plastics fittings	Performance
23.040.50	Pipes and fittings of other materials	Performance Health Safety
23.060.01	Valves in general	Performance Health Safety
23.060.40	Pressure regulators	Performance Health Safety
23.060.99	Other valves	Performance Health Safety
23.080	Pumps	Electrical Safety
23.100.10	Pumps and motors	Electrical Safety
27.060.30	Boilers and heat exchangers	Electrical Safety
27.200	Refrigerating technology	Electrical Safety
29.060.20	Cables	Performance Electrical Safety <small>Limited to HDPE conduit, conductors-in-conduit, and fittings</small>
29.120.10	Conduits for electrical purposes	Performance Health Safety Electrical Safety
29.120.30	Plugs, socket-outlets, couplers	Electrical Safety
29.120.99	Other electrical accessories	Electrical Safety

ICS No.	Title	Purpose
29.140.40	Luminaires	Electrical Safety
29.140.50	Lighting installation systems	Electrical Safety
29.260.01	Electrical equipment for working in special conditions in general	Electrical Safety
29.260.10	Electrical installations for outdoor use	Electrical Safety
55.230	Distribution and vending machines <i>Including distribution of tickets, food, beverages, tobacco products, etc.</i>	Electrical Safety
67.250	Materials and articles in contact with foodstuffs Including catering containers, and materials and articles in contact with drinking water	Health Safety
67.260	Plant and equipment for the food industry (design, construction, performance, sanitation, health effects and electrical safety of equipment used in the processing, preparation, storage, handling and serving of food)	Electrical Safety
71.040.10	Chemical laboratories. Laboratory equipment <i>Including hydrometers, alcoholometers, etc.</i>	Electrical Safety
71.100.35	Chemicals for industrial and domestic disinfection purposes	Performance Health Safety
71.100.80	Chemicals for purification of water	Health Safety
75.200	Petroleum products and natural gas handling equipment	Performance Health Safety
91.140.60	Water supply systems	Performance Health Safety
91.140.65	Water heating equipment	Electrical Safety
91.140.70	Sanitary installations	Performance Health Safety
91.140.80	Drainage systems	Performance Health Safety
91.180	Interior finishing	Safety - Fire
97.030	Domestic electrical appliances in general	Electrical Safety
97.040.01	Kitchen equipment in general	Electrical Safety
97.040.10	Kitchen furniture	Electrical Safety
97.040.20	Cooking ranges, working tables, ovens and similar appliances	Performance Health Safety Electrical Safety

ICS No.	Title	Purpose
97.040.30	Domestic refrigerating appliances	Performance Electrical Safety
97.040.40	Dishwashers	Performance Health Safety Electrical Safety
97.040.50	Small kitchen appliances Including food waste disposal units	Electrical Safety
97.040.99	Other kitchen equipment	Electrical Safety
97.060	Laundry appliances	Electrical Safety
97.080	Cleaning appliances	Electrical Safety
97.100.10	Domestic and commercial equipment. Entertainment. Sports Domestic, commercial, and industrial heating appliances Electric heaters	Electrical Safety
97.130.20	Commercial refrigerating appliances	Performance Health Safety Electrical Safety
97.150	Floor coverings	Performance Health Safety
97.180	Miscellaneous domestic and commercial equipment	Electrical Safety
97.220.10	Sports facilities (Swimming pools, spas)	Electrical Safety

This document forms part of the Certificate of Accreditation issued by the Standards Council of Canada (SCC) to NSF International. The original version is available in the Directory of Accredited Product, Process and Service Certification Bodies on the SCC website at scc-ccn.ca.

Elias Rafoul
